Petitioner:
Beneficiary:

Recapture of Time/International Travel Dates

(count the day you left but not the day you reentered the US.)

Due to USCIS's recently changed policy on the recapture of time that an H-1B or L-1 has spent abroad, foreign nationals in H-1B or L-1 status can recapture days spent abroad for any purpose during the validity of the H-1B or L-1 petition and extend their stays for a time equal to the recaptured period.

Following is a listing of various international travel dates that the Beneficiary named above completed during approved H1B period. The University's petition includes a request to recapture the aggregate total days.

REQUIRED: Please attach documentation such as copies of passport's date of entry page stamp, flight tickets, everything that proves you were abroad.

Date Left US	Date Returned to US	Traveled to	Page # from passport with entry stamp	Total Days
TOTAL DAYS FOR H1B RECAPTURE:
